Dear Howard:

25X1A9a

25X1A9a

[REDACTED], our Auditor in Chief, will reach the statutory age for retirement in May of 1959, and we have been considering very seriously the question of his replacement. We have carefully considered a number of people who might be qualified to assume these responsibilities and at a recent meeting with [REDACTED] and the other Deputies selected [REDACTED] who has only recently reported to you for duty. Since we believe that the overseas duty will be extremely valuable to [REDACTED], we have arranged for [REDACTED] to be extended for one year after he reaches the statutory retirement age in order to allow [REDACTED] to complete, or at least nearly complete, a two-year tour of duty.

[REDACTED] requested that we advise you and [REDACTED] of this selection and that we arrange to have him visit as many of our European Stations as possible during his overseas tour and perhaps return via the Far East in order to have an over-all and up-to-date picture on a world-wide basis. I would appreciate it very much if you would advise [REDACTED] of the foregoing and, of course, offer him as much opportunity to visit Stations other than yours as is consistent with the performance of his duties at your Station.
